Evolution

MetalForm China is from ChinaForge Fair and MetalComp established in Beijing by CCMI in 1990, and SheetMetal exhibition consisting of SheetMetal and MetalFab founded in Shanghai by CCMI in 2004. The first MetalForm China composed of the four expositions was held in Beijing in 2007.

Size & Scale

MetalForm China is the fourth exhibition in the global sheet metal forming industry after Euroblech, Fabtech and Lamiera. It is only a well-known and one-step-service exposition concern the forging, pressing/stamping, sheet metal/fabricating, joint & welding and die & tooling in China.

Nearly three years, with an exhibiting area up to 35,000 m², there are nearly 400 exhibitors attracted from several countries and regions pre year.

Based on the promotion for the huge number of the visitor database of the organization, it attracts more than 15,000 professional visitors on site, and more than 20,000 visitors online through the new media live broadcasting platform.
